KRAMSKI HPP 325 MB

“The best or nothing.” Gottlieb Daimler’s quote offers possibly the most fitting explanation for the powerful radiance of KRAMSKI PUTTER. With this approach the brand has been able to establish itself in the golf scene and in tournament events as a standard for ultimate precision and perfection in just a few years.

The HPP 325 MB is based on the same High-Precision-Putter model (HPP), with which two legendary 59 rounds have already been played on par 72 courses at professional tournaments. Precision milled and colour anodised, this sporty, tuned mallet with a high-tech insert captivates in such a way that it has won great popularity amongst the KRAMSKI tour players. The HPP 325 MB is available as a right- or left-hand model with a specially developed precision handle. A design putter cover made from the finest leather is included.

The key features:

Striking surface	Plastic/metal mixture
Shaft	True Temper Double Bend
Putter head	Aluminium/carbide inserts
Colours	black, silver
Loft	3.25°
Lie	64–72°
Length	30–36 inch
High Precision Grip	S/M/L/XL/XXL

The individual and precise adjustment of the putter to the player is a significant part of the “Mastering the Green” philosophy of the brand. It takes place in a virtual fitting in the official KRAMSKI PUTTER Online Store.

Ordering and online fitting* directly at:

kramski-putter.com/mercedes-benz

*Fitting also possible in the KRAMSKI PUTTING ACADEMY:

Our quest for perfection has a long tradition. Particularly when it comes to design. Design created at Mercedes-Benz is made to last. Take, for example, the iconic lettering on the rear of the vehicle. It was designed according to the Mercedes-Benz idiom – and makes the ultimate accessory for your car key.

Over 100 years ago **Wilhelm MAYBACH and his son Karl MAYBACH** laid the foundations for a high-end automotive brand which quickly attained legendary status. For decades now the MAYBACH brand has been synonymous with the highest standards of quality and luxury. Its hallmarks include exquisite, intricately crafted materials and outstanding design. Precision craftsmanship and attention to detail define the brand's characteristic style which appeals to all of the senses. These same qualities can be seen today in the MAYBACH – ICONS OF LUXURY range.

Filter categories for sunglasses

Four filter categories are used for sunglasses, based on the degree of tint. Please use the table below to decide which category best suits your needs.

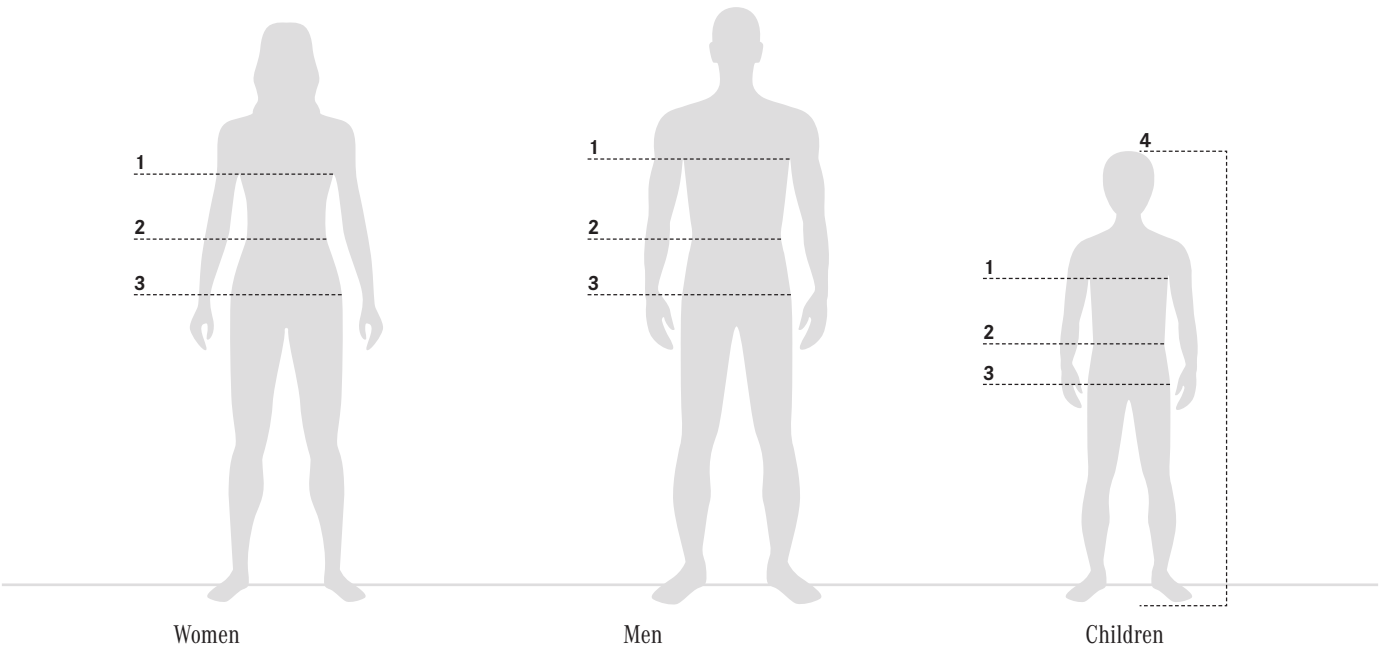

CATEGORY	Tint	Protection/light conditions
1	20–57%	Light protection for overcast days
2	57–80%	Normal protection for summer days in Central Europe
3	80–92%	High protection for expanses of water, beaches and mountains, plus Southern European countries; from 90% tint not suitable for driving!
4	92–97%	Maximum protection for high mountains and glaciers; not suitable for driving!

Clothing sizes

The tables below are designed to help you find your perfect size. It is important to take your measurements correctly. For best results, you should be relaxed and wearing only your underwear. Ideally you should use a tape measure which you should keep close to the body. If you have someone to help you, it will be easier and more precise.

- 1. **CHEST:** keeping the tape measure horizontal, measure around the fullest part of the chest
- 2. **WAIST:** measure around the waist without drawing the tape measure too tight
- 3. **HIPS:** keeping the tape measure horizontal, measure around the fullest part of the hips
- 4. **HEIGHT** (for children's clothing): measure from the top of the head to the sole of the feet without shoes

Please note: separate tables are provided for the PUMA brand and the official MERCEDES AMG PETRONAS MOTORSPORT clothing.
